

TRADING IS DULL ON GOTHAM MARKET

Trend of Prices However is
Upward—No Change in
Money Situation.

By Associated Press.
NEW YORK, March 31.—The session of the stock exchange Wednesday was relatively dull and professional, but the trend of prices was unmistakably upward, though easing generally on realizing for profits in the final hour.

There was no visible change in the money situation, demand loans again opening at eight per cent and rising to 10 per cent toward the close.

Main Essentials.
In its main essentials the stock market covered the ground made familiar by the speculative operations of the past few weeks.

Maxim's were established by several of the prominent motors, steels and equipments. Stutz led at a gain of 21 points to the new high of 321. Crucible was next, rising 11-2 to 240 1-2 but forfeiting all save a fraction at the end and Vanadium at a net gain of 3-5-8 to 22-3, also registered new high quotation.

Additional features of strength embraced Motors, Interborough, Baldwin Locomotive, sugars, oils and tobacco. Sales amounted to \$99,999 shares.

Trading Larger.
Trading in bonds was larger but the expansion was mostly an exchange of values, rates showing special heaviness. Liberty bonds irregular, the 3-1-2's reacting perceptibly, but International held steady. Total sales (par value) aggregated \$11,375,000.

Old United States two's rose one-fourth on calls and the four's rose one-half.

CORN SETS HIGH MARK ON CHICAGO EXCHANGE
By Associated Press.
CHICAGO, March 31.—Corn touched new high records on all deliveries except May, Wednesday, March rose to \$1.87, where it closed, 3c higher than yesterday's finish, after July, after touching \$1.57 1/2, declined to \$1.52 1/2 to \$1.52 1/2, where it closed 1/4c to 3/4c above the previous close. May ascended to \$1.60 1/2 and closed at \$1.59 to \$1.59 1/2, a gain of 2c above yesterday's final figures. The market closed strong, with the general range from 1/4c to 3/4c higher. Eastern shorts were heavy buyers through commission houses.

The big bullish factor was the prospect that congress would declare a separate peace with Germany. The offerings were light on the way up and profit taking caused a reaction from the high points. Oats advanced readily in sympathy with corn and finished unchanged to 1/4c higher. The feature of the early trade was the broadening demand for July, based on the unsettled weather forecast and further delay in seeding. July closed at 79 1/2 to 79 3/4 to 79 3/4c.

Provisions failed to show improvement so far as trading was concerned. There was a break toward the session which carried the prices near the low point of the day. Labor conditions at the stock yards were unchanged.

A dinosaur has been discovered in Iowa that is 178 feet long, and in life weighed probably 300,000 pounds. There are some cities like that—monstrous big, but "nothing in the beam." And they'll be extinct some day, too.

Railroad rates will advance 25 percent and coal go up a dollar a ton, is a coal expert's prophecy.

PROH. SLEUTH IS TRIED FOR DEATH OF MAN

Member of Bootlegging Squad
is Under Indictment
For Murder.

CHEYENNE, Wyo., March 30.—John Cordillo, formerly a member of the Wyoming "bootlegging" squad went on trial today for the murder of Frank Jennings, widely known stockman and son of one of Wyoming's best-known legislators, near Laramie on Sept. 7 last. Judge E. C. Raymond is presiding.

Because of the prominence of the slain man and sensational evidence promised by both sides, the case has attracted widespread interest. The prosecution alleges that Jennings was shot down in cold blood by Cordillo, his brother, Peter Cordillo, and Walter Newell, members of the State prohibition enforcement force, while the young rancher was traveling in his automobile on the road near Laramie at 1 p.m. Fearing a lynch at the hands of "red" citizens, authorities removed the three officers from the local jail in Laramie immediately after their arrest.

It is said the largest fund that ever figured in a Wyoming criminal case has been raised by friends of the Anti-saloon League of America to defend the prohibition sleuths.

Requests for separate trials for the defendants and a change of venue were granted last month, and John Cordillo is the first to face trial. Peter Cordillo and Newell will be placed on trial immediately upon the conclusion of John Cordillo's case, according to the plans of the prosecution.

Evidence that will "rock the State of Wyoming is promised by the defense.
